SOCIAL RESPONSIBILITY

SOCIAL RESPONSIBILITY: TRAMEC FOR SPORTS

Sport facilitates socialization, improves the health of the citizen and, consequently, public health. Sport promotes volunteering and active citizenship, facilitating social inclusion, integration and equal opportunities. Sports activity can also be an important tool for the recovery and the psychophysical reintegration of people with disabilities.

That is why **TRAMEC** has sponsored several sports organizations over the years that include, in particular:

- **BENEDETTO XIV – Basket Cento**: basketball team playing in the Italian SERIE A2 championship;
- **A.S. ATLETICO H**: sports association with registered activity in the Italian Federation of Sports for the Disabled, whose athletes are distinguished both nationally and internationally in various disciplines;
- **CALDERARA DI RENO**: youth soccer team;
- **CASTEL MAGGIORE**: youth volleyball team;
- **ATLETICA TEAM LOPPIO**: Runners Association.

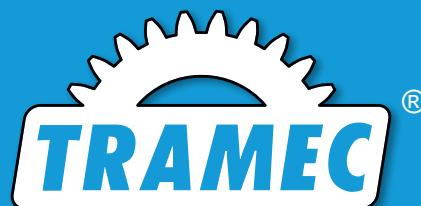

These initiatives are certainly part of TRAMEC's victories!

*Don't bother just to be better than your contemporaries or predecessors.
Try to be better than yourself*
